Mr David Ferrier

Elite Conversions

Hi David

Just a short note regarding the Elite Conversions Conference, thank you on behalf of myself and all my staff who attended.

It's hard to place a fair market price on the value of such a conference until you have attended and put into place what you have learned, thanks great value!

Please don't train any more real estate sales companies or their representatives for a long time in W.A. We want to keep our new Elite cutting edge advantage to ourselves for our market place.

David I believe Sydney needs you!

Regards
