Dear David,

I have been a lot of courses relating to real estate and the power of positive thinking over the past 27 years. I found your course to be both beneficial and thought provoking.

Your "Road Blocks To Communication" are the basic steps to a salesperson's life, indeed in our relationships with our clients and our family members.

I recommend that all sales people do your course "Elite Conversions" and thank you for the opportunity of attending.

Best Wishes For The Future.

Your Sincerely,

.....
